

Our Mission

That is what Schöler stands for.

Our mission is a promise

Unsere Mission ist mehr als nur Worte auf einem Stück Papier. Unsere Mission ist ein Versprechen: an unsere Kunden, unsere Mitarbeiter und Geschäftspartner.

Schöler manufactures machinery and tools for the production of thin-gauge fins and tubes as well as assembly lines for heat exchangers.

Our core competencies are roll forming, seam welding and highly dynamic process automation.

We see our task to enhance customer productivity.

Safeguard the manufacturing site in Pansdorf by operating
a successful family owned business as an attractive employer and partner.
